**DECLARATION OF THE RFC PUBLISHER FOR THE INTERNET ENGINEERING  
TASK FORCE, AN ORGANIZED ACTIVITY OF THE INTERNET SOCIETY**

I, Sandy Ginoza, of lawful age, based on my personal knowledge and information, hereby declare:

1. I am an employee of Association Management Solutions, LLC (“AMS”), which acts under contract to the Internet Society (“ISOC”) as the operator of the RFC Publisher. The RFC Publisher is part of the “RFC Editor” function, which provides online access to the authoritative Request for Comments (“RFC”) series of documents (“RFC Series”), and provides storage and preservation of records relating to these documents. The RFC Series includes, among other things, the series of Internet standards developed by the Internet Engineering Task Force (“IETF”), an organized activity of ISOC. I hold the position of Director of the RFC Publisher. I began employment with AMS in this capacity on 5 January 2010.

2. Among my responsibilities as Director of the RFC Publisher, I act as the custodian of records relating to the RFC Series.

3. From June 1999 to 4 January 2010, I was an employee of the Information Sciences Institute at the University of Southern California ("ISI"). I held various position titles with the RFC Editor project at ISI, ending with Senior Editor.

4. The RFC Editor function was conducted by ISI under contract to the United States government prior to 1998. In 1998, ISOC, in furtherance of its IETF activity, entered into the first in a series of contracts with ISI providing for ISI's performance of the RFC Editor function. Beginning in 2010, certain aspects of the RFC Editor function were assumed by the RFC Publisher operation of AMS under contract to ISOC (acting through its IETF function and, in particular, the IETF Administrative Oversight Committee). The business records of the RFC Editor function as it was conducted by ISI are currently housed on the computer systems of AMS, as a contractor to ISOC.

5. I make this Declaration based on my personal knowledge and information contained in the business records of the RFC editor as they are currently housed at AMS, or confirmation with other responsible RFC Editor personnel with such knowledge. If called as a witness in this Investigation, I could and would testify to the facts as stated in this Declaration.
