RFP Mail Archive Qs & As

Q1. What exactly has to be done by the deadline of 1st of November?

1. Software with deployment and migration guides
2. Software deployed at IETF infrastructure and migration guide
3. Software deployed at IETF with the data already loaded and ready
to be published.

By migration we mean the load of the existing mail archive into the search index.

A1. Software with deployment and migration guides

Note: You may propose a schedule different from the one in the RFP with reasons for the
changes and any assumptions.
